

John Stokes Square Redevelopment

Demolition Tender Released

Dear Stakeholder

The Northern Territory Government has released a demolition tender to redevelop the existing John Stokes Square in Nightcliff, with works anticipated to commence in May 2019.

The current site currently comprises 75 public housing units that are nearing the end of economic life. The redevelopment of John Stokes Square will improve the quality of housing, allow for improved amenities and open spaces, and reduce anti-social behaviour.

The \$45 million dollar redevelopment will include:

- A new 24-hour police station;
- Public housing that will be prioritised for seniors and people living with disabilities; and
- A public space to link pedestrians between the Nightcliff Shops and the Woolworths complex.

Consultation will begin this month to guide design options for this project and Community Information Stands will be held at the following locations:
